Y Hack '26

National Level 24-Hour Hackathon

**Organized by IEEE & Department of Mechatronics
KPR Institute of Engineering and Technology**

7–8 August 2026

"Where Innovation Meets Impact."

(You don't have an official tagline, so this can serve as a temporary website heading.)

About (Short Preview)

Y Hack '26 is a National Level 24-Hour Offline Hackathon organized by IEEE in association with the Department of Mechatronics, KPR Institute of Engineering and Technology. Designed as an open innovation platform, Y Hack brings together students, professionals, researchers, and innovators from across India to develop impactful solutions to real-world challenges.

With dedicated Hardware and Software tracks, participants will transform ideas into functional prototypes while experiencing an intense 24-hour innovation journey.

Why Participate?

- ₹1,00,000 Prize Pool
 - National Level Competition
 - IEEE Participation Certificate (Hard Copy)
 - Open Domain Challenges
 - Hardware & Software Tracks
 - Exposure to Industry-Level Problem Solving
 - Strengthen Your Portfolio & Resume
 - Network with Innovators Across India
 - Build Real-World Solutions
 - Overnight Hackathon Experience
-

Highlights

- 24 Hours of Continuous Innovation
- Offline Hackathon

- National Participation
 - Hardware & Software Domains
 - Live Prototype Demonstration
 - Transparent Evaluation Process
 - IEEE Organized Event
-

Prize Pool Preview

 ₹1,00,000 Total Prize Pool

Winner – ₹40,000

Runner-Up – ₹30,000

Second Runner-Up – ₹20,000

Special Awards – ₹2,500 each

- Best First-Year Team
 - Best Second-Year Team
 - Best Third-Year Team
 - Best Fourth-Year Team
 - Best Innovator
-

2. ABOUT

About Y Hack '26

Y Hack '26 is a National Level Hackathon that serves as a platform for innovators to collaborate, design, and develop impactful technological solutions within an intensive 24-hour period.

The event encourages participants to address real-world challenges through creativity, engineering excellence, and interdisciplinary collaboration. Whether developing software applications or hardware prototypes, Y Hack fosters an environment that promotes innovation, technical expertise, and practical problem-solving.

Objectives

- Promote Innovation and Creative Thinking
 - Encourage Practical Problem Solving
 - Bridge Academia and Industry
 - Foster Teamwork and Leadership
 - Showcase Engineering Excellence
 - Inspire Entrepreneurial Mindsets
 - Build Industry-Ready Technical Skills
-

Eligibility

Open to

- School Students
- Diploma Students
- Undergraduate Students
- Postgraduate Students
- Researchers
- Working Professionals
- Innovators from Any Discipline

Participation Level

- National
-

Team Formation

- Team Size: 3–6 Members
 - Cross-College Teams: Not Permitted
 - Team Changes: Not Allowed After Registration
-

Domains

Software Track

Problem statements will be released **2 days** before the event.

Participants are expected to design scalable, innovative, and technically sound software solutions.

Hardware Track

Problem statements will be released **5 days** before the event.

Participants are expected to design and develop functional hardware prototypes addressing real-world engineering challenges.

3. EVENT

Registration

IEEE Member

₹500 per participant

Non-IEEE Member

₹600 per participant

Payment Mode

Online

Refund Policy

Registration fees are non-refundable under any circumstances.

Event Schedule

Day 1 — 7 August

09:00 AM – 10:00 AM

Registration & Check-In

10:00 AM

Inaugural Ceremony

11:00 AM

Hackathon Begins

03:30 PM

Review Round 1

12:00 AM

Review Round 2

Overnight
Continuous Development & Innovation

Day 2 — 8 August

09:30 AM

Final Evaluation

11:00 AM

Valedictory Ceremony & Winner Announcement

Judging Criteria

Projects will be evaluated based on:

- Innovation
 - Technical Complexity
 - Feasibility
 - Prototype Quality
 - Design
 - Presentation
 - Real-World Impact
 - Technical Implementation
 - Team Discipline & Professionalism
-

Submission Requirements

Review Round 1

- Project Presentation (PPT)
- Problem Statement Analysis
- Proposed Solution
- Initial Hardware Model / Software Architecture

Review Round 2

- Significant Development Progress

- Functional Demonstration
- Updated Presentation

Final Review

- Fully Functional Prototype
 - GitHub Repository
 - Final Presentation
 - Live Demonstration
-

Rules & Guidelines

- Participants must adhere to IEEE's Code of Conduct throughout the event.
 - Teams are expected to maintain professional behavior at all times.
 - Registered team members cannot be replaced after confirmation.
 - All submissions must be original and developed during the hackathon.
 - Every participant is responsible for maintaining the integrity of their work.
 - Participants are expected to comply with all instructions issued by the organizing committee.
 - The decision of the judging panel shall be final and binding.
-

Facilities Provided

- High-Speed Internet Access
 - Overnight Accommodation
 - Dinner (7 August)
 - Midnight Refreshments
 - Breakfast (8 August)
 - Morning Snacks
 - IEEE Participation Certificate (Hard Copy)
-

Frequently Asked Questions

Who can participate?

Anyone across India, including school students, diploma students, college students, researchers, professionals, and innovators.

Is accommodation provided?

Yes.

Will food be provided?

Yes. Dinner, midnight refreshments, breakfast, and snacks will be provided.

Will every participant receive a certificate?

Yes. All registered participants who successfully attend the event will receive an IEEE participation certificate.

Can team members be changed after registration?

No.

Are registration fees refundable?

No.

4. REGISTER**Register for Y Hack '26**

Ready to innovate?

Join India's next generation of engineers, developers, innovators, and creators for an unforgettable 24-hour innovation experience.
